HARMONY NEEDED

Over the last three weeks, all hell has broken out with our Chamber of Commerce, and its members — at least that is the way we see it from this corner.

First of all a news release was given to both the Haliburton Echo and the Progress papers stating that the Board of Directors accepted the retirement of Norm Craig, Secretary-Manager of the Chamber. At the same time Mr. Craig claimed he did not retire, and has a letter in this issue supporting this. What it really boils down to is that Mr. Craig was fired from his position.

Mrs. McManus, secretary to Mr. Craig was also released this week, by the Board of Directors, but has published a letter of resignation from her position, which also appears in this issue.

These are two things which have stirred many of the members of the Chamber to the point where a petition has been gathered, forcing the Board into a general meeting. There seems to be some confusion with the membership as to what is going on, and why?

The other item of business which was on the petition was the Lure-Tour Book, entitled "This Is Haliburton Highlands", published by Alex Wilson Publications Ltd., Dryden, Ontario. The author is Mr. Bill Patterson, and his assistant in selling advertising was Mr. Ken Mussell. Last September the Chamber of Commerce endorsed this publication. The problem is this — advertisement for the book was sold to some non members of the Chamber, while other members in good standing did not have a chance to advertise in the book. The advertisements were sold to many who were under the impression that this was a Chamber of Commerce Book, which was not the case. Personally we are in favour of the Book, but we feel the Chamber should run the show, and make the revenue from the advertisements.

All in all, some members are left quite bewildered at just what is going on. Those with questions to ask, along with everyone else interested in the Chamber, should attend the general meeting at the High School, on Monday, June 29th., at 8:15 p.m.

It is hoped that questions will be asked, and that the Board of Directors will give straight forward answers. The air must be cleared and harmony must prevail.

The Chamber of Commerce is the most important organization we have here in this County tying in all the corners of the area, uniting the people in working together. Nothing should jeopardize this type of needed harmony. United we stand, divided we fall. Let us clear the air at this meeting, and get back to serving the tourists coming into the Highlands of Haliburton.

ROCKCLIFFE HOTEL HAS SPECIAL ATTRACTION

The Dusty Road Singers from Vancouver, will be entertaining at the Rockcliffe Hotel this Friday and Saturday night June 26th and 27th. Don't miss this action packed entertainment this weekend.

NEW DEADLINE

The new deadline for advertisements in the Minden Progress is Tuesday at 12 noon. News will be accepted until 5 o'clock on Tuesday.

This new deadline will be effective until Labour Day week end.

STEADMAN'S PURCHASE F.E.A. GRIFFITHS STORE

It was announced Tuesday that Steadman's Department Stores have purchased the F.E.A. Griffiths Store and will open July 1st. Mr. Art Walker will be the new manager and will be taking up residence in Minden.

DAVE STAMP DONATES BUS—BOBBY ORR'S DAY

On Saturday July 4th, a bus will leave Minden at 8 a.m. for Parry Sound where there will be a full day of activities, to honor Bobby Orr. You will get a chance to see Bobby Orr and all his trophies.

There will be a parade and a Testimonial Dinner in the evening.

The trip is only \$3.00 per person, and Mr. Stamp will turn the money over to the Community Centre Fund.

Anyone interested please register at the Progress Office.

PROF. LOUCKS GIVEN 'PAGE ONE' CITATION

University of Wisconsin Botany Prof. Orie L. Loucks has been named a (Page One Citation) winner by the Newspaper Guild of Madison, it was announced today.

Prof. Loucks was honored at the Guild's Page One Awards Dinner-Dance at the Park Motor Inn, Saturday night, June 6th.

The University professor was cited by the Guild for his vigorous work on behalf of a better environment and his outspoken efforts to get the state to ban the use of DDT.

Loucks is one of the architects of 'Project Eagle' a proposal to raise some \$200 million to start a program of environment rehabilitation. He also is a member of the Wisconsin Scientific Areas Preservation Council, an advisory committee to the State Department of Natural Resources which scouts out important scientific and natural areas and recommends their preservation.

The professor has 'spoken out' vigorously against the host of environmental hazards, when it was not always popular to do so,' the Guild said.

Prof. Loucks is the son of Mr. and Mrs. Vinton Loucks, Minden.

ANSON, HINDON & MINDEN COUNCIL HELD REGULAR MEETING - HEAVY AGENDA

Council of Anson, Hindon and Minden met on Wednesday, June 10th.

Reeve Charles Brandon in the chair, Deputy-Reeve Roy Windover, Councillors Robert Gorrie, Reg Booth and Allen Cooper were present. Richard Parisotto, Clerk-Treasurer, Earl Hewitt, Road Superintendent, S. Weiss, By-Law Officer were also in attendance.

Letters were received from Canadian Mitchell Associates Ltd. advising that the report on the Minden Approved Park has been submitted to the Province for approval.

Moved by R. Gorrie, seconded by R. Windover that the fee for the Professional services in connection with the preparation of the Master Development Plan and Report for the Minden Approved Park be approved in the amount of \$2,500.00 to the Canadian Mitchell Associates Ltd. Carried.

Letter was received from the Haliburton County Board of Education regarding the exemption of taxes on pt. lot 5, con. A in Anson Township. Report was received from the Clerk regarding the legal positions relative to the matter. The Clerk was authorized to advise the Board

of Education of the legal position of the Municipality.

In response to the petition received from the residents of the Bob Lake Road, the Clerk was instructed to prepare the nec- (Continued on Page 2)

AREA ACCIDENTS

Robert Charles Crawford of RR 2 Kilworthy suffered minor cuts when the vehicle he was driving went out of control on Highway 35 near Carnarvon north of Minden, at 9 a.m. Sunday. Damage in the mishap was estimated at \$600. Provincial Constable T. R. Brown of the Minden detachment investigated.

Robert Wright of RR 2 Haliburton, escaped injury when the pick-up truck he was driving left the Haliburton dump road, at 10:44 a.m. Sat. resulting in \$500 damage. Prov. W.J. Devereaux of the Minden detachment investigated.

A total of \$800 damage resulted when vehicles driven by Robert Stanley Fletcher, of RR 2, Minden and Earl Vinton Toye also of RR 2, Minden came into collision at Carnarvon, at 11:45 a.m. Sunday. There were no injuries. Doug Heath of the Minden detachment investigated.

Bob Lake: Modern cottage, partly lined, tiled and winterized. Level lot with excellent view and good swimming. Price \$12,750.

FREE BROCHURE ON REQUEST

HERE AND THERE

with Fenwick Finch

The summer season is upon us again — I haven't heard a squeak from my original sparring partner, Mrs. Matalas. Mrs. Wesson hasn't been heard from either, I know she wasn't feeling too well last winter but I hope she is well and will be around soon. Haven't heard from the Haskill's either.

I'm pretty well in shape again so they won't need to worry about being too careful with me.

* * *

Thanks to Don Finn I've finally been able to get Gerald Finlay's room and location. He's in room 331 of Peterborough Civic Hospital. You will remember when Gerald was in the local hospital he was in the Maternity Ward. He hasn't lost his touch, he and another chap are in the women's section of the hospital. He'd better be careful or some of these female complaints may rub off on him.

I understand though he is progressing quite well and it doesn't make any difference where he goes so long as he keeps improving.

* * *

Noticed an article in a Toronto paper recently. It has quite a bearing on things because I have noticed that a very large percentage of drivers are women. Their driving seems to have improved and this article tells you why.

From Burlington Ontario comes this observation that 'driving by the seat of her pantyhose makes the lady motorist of today safer on the road.'

That's right. The girdle has proven to be a traffic hazard. Since, (they tell me) girdles become quickly uncomfortable the result, squirming causes them to lose concentration and results in accidents.

So, there you have it girls, wear pantyhose for safer and more comfortable driving.

* * *

I still get taken to task for keeping after drivers, both local and tourist — warning them to be careful and live longer. Had you been with me the other night you could appreciate why I feel the way I do.

Life is uncertain at the best and, believe it or not, it CAN happen to you.

A car passed me on the road the other night and as he went by I wondered to myself how long it would be before his string or someone else's would run out — I didn't know it at the time but there was less than five minutes left.

I came upon him later — two cars smashed, one dead and the other critically injured. It was just one of those things, the road was treacherous and it made me think — life is really uncertain and in the twinkling of an eye, your time could run out.

So, that's why I'm continually exhorting "drive carefully and defensively" the life you save may be your own.

See you next week — until then, drive carefully, "life can be beautiful."

Fenwick

COUNCIL MEETING

Continued from Page 1)

essary by-law in consultation with the D.H.O. District Engineer.

Moved by R. Gorrie, seconded by R. Booth that an Underwood Electric Typewriter be purchased for the approximate cost of \$500.00 Further that the necessary alterations for office partitions be approved for the Municipal Office at the estimated cost of \$215.00. Carried.

It was decided that the Clerk use his own discretion in hiring parttime secretarial assistance whenever it was felt necessary.

Seven applications were received for the position of Maintenance man. The Clerk was directed to advise and arrange the necessary interviews.

Mr. Bill O'Brien was present requesting clarification from Council regarding the excessive surface drainage on the property of the Rockcliffe Hotel.

Moved by R. Booth, seconded by A. Cooper that the Rockcliffe Hotel be permitted to connect cellar drains to the storm sewer after certification that all water is pure by the Health Unit. Carried.

Moved by R. Booth, seconded by A. Cooper that the Health Unit be requested to correct the situation where green effluent is running down the street near the Post Office and over to the Minden Community property. Carried.

Moved by R. Booth, seconded by A. Cooper, that the General Accounts be approved in the total amount of \$12,844.59. Carried.

Moved by R. Windover, seconded by R. Gorrie that the Road Accounts be approved in the total amount of \$23,226.65. Carried.

Moved by R. Windover, seconded by R. Gorrie that the By-Law 30-70 having been read a first time be considered as read a second and third time, and passed notwithstanding anything to the contrary in the rules of procedure. Being a By-Law to establish a Petty Cash Fund. Carried.

Moved by R. Windover, seconded by R. Gorrie that By-law 31-70 having been read a first time be considered as read a second and third time and passed notwithstanding anything to the contrary in the rules of procedure. Being a by-law to license and regulate lotteries conducted in the Municipality of Anson, Hindon and Minden. Carried.

Mr. Alan Greir and the Consultants of the Community Centre Committee were present. Council directed that the Clerk correspond with the Department of Agriculture regarding the proposed plans.

Moved by R. Windover, seconded by R. Gorrie that Council adjourn. Carried.

DOMINION DAY

Here we are very quickly approaching July 1st, which is Dominion Day here in Canada, the Anniversary of Confederation which started back in 1867.

It was brought to my attention recently by Kay Lunham, who is an old politician from away back, that many people forget how it all started here in Canada and their rights of being a Canadian. Also what we must all do to preserve these rights in staying free as Canadians.

According to Kay's information the "Bill of Rights" which was presented to the Canadian Parliament by John G. Diefenbaker, on Dominion Day in 1960 is known by few people and has been omitted from all text books in our schools. From the way some of our political leaders are trying to change legislature these days it is obvious that they too have forgotten the Bill of Rights.

It is our duty if we are to stay free, to know this Bill of Rights and stay by them. Our little contribution for Dominion Day, is to give you this Bill of Rights.

BILL OF RIGHTS

Here is recognized, for all Canadians, without discrimination by reason of race, national origin, colour, religion, or sex; the right of the individual to like, liberty, security of the person and enjoyment of property, and the right not to be deprived thereof except by due process of law; the right of the individual to equality before the law and the protection of the law; freedom of religion; freedom of speech; freedom of assembly and association, and freedom of the press.

Here is provided, for the protection of all Canadians, that except by an Act of Parliament, no law of Canada shall; authorize the arbitrary imprisonment or exile of any person; impose any cruel and unusual treatment or punishment; deprive a person of the right to be informed promptly of the reason for his arrest, of the right to counsel without delay or of the remedy of habeas corpus; compel a person to give evidence if he is denied counsel or protection against self incrimination; deprive a person of the right to a fair hearing in accordance with the principles of fundamental justice; deprive a person of the right to be presumed innocent in a fair and public hearing by an impartial tribunal, or of the right to reasonable bail without just cause; deprive a person of the right to an interpreter.

In a time when the enemies of free men everywhere mock the words of freedom, Canadians can proclaim in pride the Canadian Bill of Rights the certain definition of their liberties and their lasting ideal for this and future generations.

Remember wrong opinions may be expressed, just as long as we have the freedom to refute them. When you have something to say, say it — not everyone in all corners of the world have this kind of freedom.

So when we celebrate Dominion Day, let us worship our freedom and never let it die, or be taken from us.

LETTER TO THE EDITOR

Minden, Ontario

June 22, 1970

To whom it may concern:

I wish to deny that I tendered my resignation as Secretary-Manager to the Haliburton Highlands Chamber of Commerce as stated in this paper on June 11th., 1970.

I had no indication from the General membership or the Board of Directors of dissatisfaction with my work. It came as a complete surprise when I was told my resignation had been accepted. If this is the wish of the General membership I have no recourse but to accept the decision. I have been led to believe that this is not the case.

Yours truly,
Norman E. Craig

Minden, Ontario

June 17th., 1970

To whom it may Concern, and Mr. Carman Wright, President, Haliburton Highlands Chamber of Commerce, Inc., Box 147, Minden, Ontario.

Sir:
To make the records correct, I must bring this to your attention, that on June 5th last, when you attended at the office, I stated, "that I would be glad to continue in the service to the Chamber." This you quoted correctly at the Directors' Meeting on Tuesday, June 16th. However, the answer was to the question, "you will stay until Mr. Craig Leaves?"

I now feel that I have complied with that commitment and will not be available to contribute to further the work of the organization locally, under the present unrest and dissension, with a possible jeopardization of my health, and or character.

Yours,
(Mrs.) Doris McManus

REAR-END COLLISION SOUTH OF MINDEN

A rear-end collision on Hwy 35, three-and-one-half miles south of Minden, at 12:30 p.m. Monday resulted in \$170 damage to a vehicle driven by John Harvey Warner, 60, of Thornhill and \$150 damage to a vehicle driven by Hans Jurgen Galeczka, 25, of Downsview.

Police report the two vehicles were southbound on Highway 35 at the time of the collision.

Provincial Constable Mike Legge of the Minden detachment investigated.

MERCURYS
GO ON**

**REGULAR
GASOLINE**

**AND
GO EASY
ON
IT**

Only Mercury outboards can use regular-grade automotive gasoline and not become fouled

HOW COME?

Thunderbolt ignition and new Perma-Gap spark plugs... that's how come! Thunderbolt's spark is so quick and so powerful (up to 40,000 volts) that lead deposits are literally blasted right off the spark plug. And the new super-tough alloy used in the center electrode of the Perma-Gap plug resists spark plug erosion. Under normal operating conditions, the Perma-Gap spark plug will last the lifetime of your engine. Now you can take advantage of the wide availability, uniform consistency and low cost of regular-grade automotive gasoline. But it takes Thunderbolt ignition AND Perma-Gap plugs to do it. Come on in and check out the new 1970 line of Mercury outboards... 4 to 135 hp.

RECREATIONAL PRESSURES

The provision for recreational space in the house, the town, the region and the country is now believed essential for the harmonious living of people. As a counterbalance to the daily way of life, people may search for recreation either in solitude or in crowded centres of amusement, either in closed space or in open squares. Because of this variety of individual demand for recreation, we include in any enumeration of recreational facilities establishments as different as a coffee-house and a park, a swimming pool and a historical site, a pleasure garden and whole river system with its fishing and boating facilities, a holiday resort and a wildlife reservation. The need for recreation varies with the individual; and depends on his personal versatility as well as on the quality of his daily environment.

For a large part of the population recreation is spoiled when it does not offer them a chance to escape from one another. It appears the better the economic condition of the average town dweller, the greater becomes the problem of recreational invasion of the countryside. Eventually the growing numbers of holiday-makers may begin to constitute a nuisance not only for the country folk but also for one another. Overcrowding may prevail just as within the city.

To become a true source of recreation it may be necessary to open the whole of our regional surroundings and be turned into an environment which provides for nourishment occupation, interest, enjoyment, and health at the same time. Planning for recreation could be enlarged from compensatory or defensive zoning to planning for comprehensive purposes of higher environment quality everywhere.

The crisis of recreational land use might be solved by opening

up for recreational use the whole of a region. No where should recreation be necessarily the exclusive function of an area, a landscape should be useful and beautiful at the same time a resource of life and its renewal.

But is it necessary to expect the recreational need for rest and beauty to become the instigator of such a general reconstruction of landscape and environment?

AROUND THE BASES

with "ARCHIE"

Minden Played only one game this week, when they travelled to West Guilford on Sunday, June 21. For many players it was the first time they had played ball there and for others the game brought back memories of other great ball games in Guilford. Once again West Guilford has produced another outstanding team. Behind the pitching of Craig Stamp they defeated Minden 6 to 3.

For the local team the major problem was the inability to hit Stamp consistently. Held to a random 11 hits in the nine inning game. Minden was unable to keep pace with Guilford's well balanced offense. A two run homer by Stamp and a home run by Bernard Bair proved to be the difference in the game. If Minden is to keep pace with Haliburton and Guilford the offense will definitely have to improve with more consistent and timely hitting.

Minden batting averages and the league standing will be in next weeks edition along with the results of the games this week.

Minden plays Haliburton back and back, Tuesday and Wednesday nights. Two victories here will put the team back into the fight for first place. Last Wednesdays game against Guilford, which was rained out, will be played Wednesday, July 1st., at the fair grounds at 7:00.

Once again this year the Minden Ball Club will be having a "Draw". Details at the present time are skimpy. It is hoped by the players and executive that the "Draw" will be well supported by local ball fans. The money made goes towards equipment and a club party at the end of the season.

Support for the team has been improving. It is hoped that more people will get out to see the ball games, there is plenty of action and parking.

MINOR LEAGUE BALL

The Minden Minor Softball officials would like to thank Slim Brandon and other council officials for the immediate response and co-operation that they have given to the Minor Softball Association. Every week now, with the equipment supplied by the Recreation Committee, there are approximately 90 children playing softball.

PEE WEE ALLSTARS

Jerry Harrison, Dick Stouffer, Barry Shaw, Tom Palmer, Jeff Carpenter Lee Austin, Michael Carpenter, Dean Hewitt, Jerry Campbell, Wayne McGee, Peter Kimble, Shayne McKelvey, Dewayen Simms, Scott Russell, Lockie Crawford.

The above players will be participating in the Legion Annual Pee Wee Softball Tournament in Hastings on Saturday, July 4. We would appreciate having interested parents and friends to travel with the team.

This Saturday, June 27th at 10:30 the Minden Team plays host to the Haliburton All Stars at the Fairgrounds. Plan to attend — after bringing your son to play, stay and watch him. We are sure he remembered you on Father's day, it's your turn.

Walter Safety says,
"Avoid playing with
air-inflated toys
and inner tubes
in the water.
Keep them on the beach
where they belong."

LYLE McKNIGHT

286-1011

HALIBURTON COUNTY

EXPENDITURES

	1970 Budget	1969 Actual
Instruction	\$1,192,840	\$ 999,771
Business	88,200	79,801
Plant	207,210	168,614
Transportation	275,000	250,654
Debt Charges	188,023	162,356
Tuition Fees	127,000	124,204
Other	71,690	38,520
	<u>\$2,149,963</u>	<u>\$1,823,920</u>

Explanation of Expenditures

INSTRUCTION - This includes the cost of teachers' salaries and the services which immediately support the teaching function such as instructional supplies, text books, libraries, school office administration, etc. Since this represents such a large part of the budget it has been broken down in graph form on this page.

BUSINESS - This includes the cost of running the board's administrative office. Purchasing, accounting, personnel administration, planning, and trustees' expenses are all included under business.

PLANT - This means the operation of buildings, including caretakers' salaries, costs of oil, water, and hydro, and caretaking supplies. It also covers maintenance of the buildings, which ranges from routine painting and adding shelves requested by a teacher

to major renovations.

DEBT CHARGES - are the annual repayment of principal and interest required to pay off the cost of the school buildings over a twenty year period. In addition short-term interest charges of \$50,000 in 1970 and \$25,018 in 1969 are included to finance operations, since 50% of the revenues derived from municipal taxation is not received until December 15th as a result of an agreement made to accommodate the municipalities. Also pre-debenture financing will be required prior to the completion of the Minden addition.

OTHER CHARGES - includes payments of \$35,690 in 1970 and \$10,000 in 1969 and expenditures in regard to the secondary cafeteria which are recovered from the students and shown as Other Revenue.

REVENUES

	1970 Budget	1969 Actual
Municipal Taxes	\$1,153,430	\$ 853,646
Provincial Grants	928,128	892,217
Other	68,405	78,057
	<u>\$2,149,963</u>	<u>\$1,823,920</u>

Explanation of Revenues

MUNICIPAL TAXES - are the amounts raised through realty taxes by the 10 municipalities in Haliburton County for the operation of the education system.

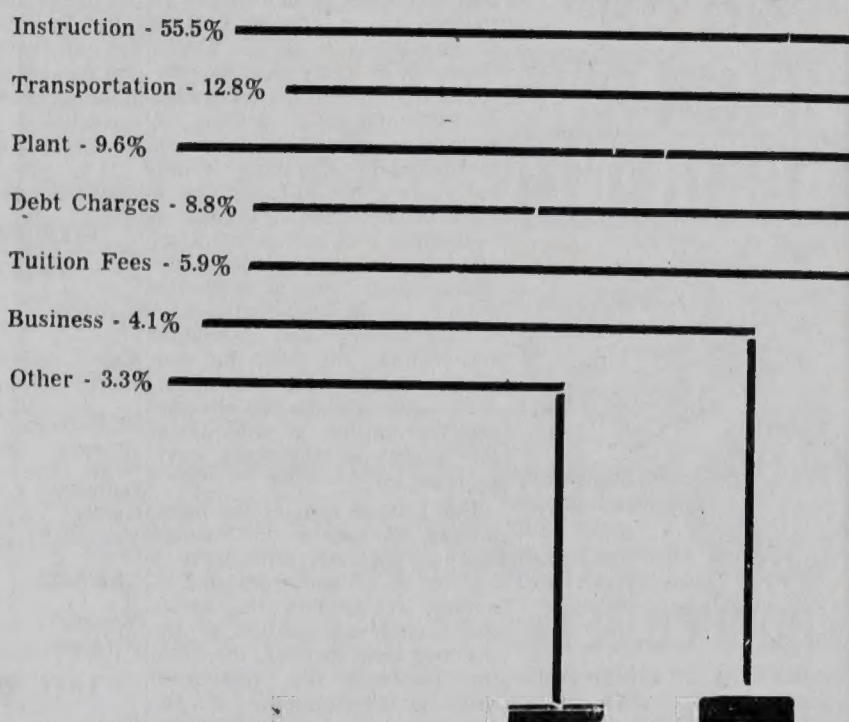

PROVINCIAL GRANTS - are paid to the board on the basis of pupil enrolment. The province seeks to equalize the local costs of education by contributing a higher percentage of costs to boards whose provincial equalized assessment per pupil is low and a smaller percentage of costs to those boards whose provincial equalized assessment per pupil is greater. In order to mitigate against large fluctuations in provincial grants, a board's grant on certain expenditures is last year's grant reduced by the excess of the local rate of

increase in provincial equalized assessment per pupil over the provincial average.

In the case of Haliburton County where in 1970 the provincial equalized assessment per pupil is 78% greater for elementary and 47% greater for secondary than the provincial average, the rate of grant on certain expenditures is correspondingly reduced. Whereas the provincial average rate of grant is 51% in 1970, the budgeted assistance from the province is 43.2%; however, if the limiting factors were not available the rate of assistance would drop to 29.7% on 1970 expenditures which would be an increase of 25% over the monies presently being raised.

As a result of this area's

FISHIN' FACTS

BY BOB HAWTHORNE

THE ELECTRIC FISHING MOTOR

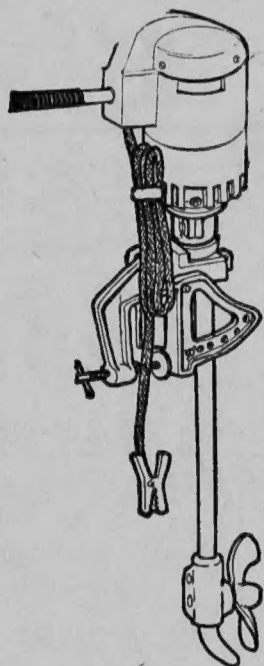

A valuable addition to any fisherman's gear is an electric fishing motor. This type of motor was designed primarily for trolling, but it also has many other excellent uses. The ideal situation is to use the electric motor along with your regular gas outboard motor. Use the outboard to get to and from your favorite fishing spots. Use the small electric motor for trolling and when fishing a shore line.

It is particularly useful when fishing a shore line as it enables you to keep your boat at the desired distance from shore easily without always having to crank up the outboard. It is also much easier and faster to retrieve a snagged lure by using the electric motor.

One other advantage of the electric motor is the quietness of operation enabling the fisherman to sneak up on his quarry. The best place to mount your electric motor is on the bow of the boat and have it pull you along rather than push you. Although some models have a reverse gear, it is unnecessary as all electric motors are built to turn a complete 360 degrees.

In addition to the above advantages, the electric motor is light weight and will run all day on a fully charged 12 volt storage battery. The battery can be easily charged overnight with a trickle charger, and will last indefinitely as long as it is not fast charged at a service station. Both overhead and underwater models of the electric motor are available. Another big advantage is that the electric motor can be used as an auxiliary or emergency motor should your gasoline motor fail.

The latest innovation in electric motors is a model equipped with a remote control foot pedal which leaves both hands free for fishing at all time. The electric motor is certainly a boom to the fisherman, and will make your next trip much more enjoyable and relaxing.

Let us all rise up and sing,
'Happy Birthday' to this land.
She's the Queen of the Summer
she's the Lady of the snows.

She's the land that I love best
She's the garden of the West.

Where the wild flowers blossom,
Where the sugar Maple grows.

When in Autumn she is dressed,
she's the beauty of the West.

In scarlet, gold and evergreen
before the winter icy blast.

As she lays this homage down
on this good this fertile ground.

To protect this land in winter,
for she knows the spring will come.

Fair as a rose, is my Lady
of the snows, as she trips down
the valley with the winter, in
her train.

The children laugh and sing,
and the merry skate blades
ring.

The skiers on the hillside,
when the snow is on the plains,
Others may sing of the memories
that cling to the lands
that they came from.

Let them hold dear memories.

But this land I love the best,
this garden of the West.

This wondrous fair Dominion,
stretching out from sea to sea.

Fishers OUTDOOR TOPICS

by RED FISHER
MERCURY FISHING CONSULTANT

What To Do When It Rains

More fishing trips have been ruined because of wet gear—sleeping bags, food, clothing—than by any other cause. Yet, proper advance planning can prevent getting everything wet and possibly save the trip.

The trick, says Red Fisher, the fishing expert at Mercury outdoors, is to have aboard your boat the few items needed to keep yourself and your gear dry when an unexpected rain comes along.

The most important piece of gear is a large tarp. One that's eight feet by ten feet is suitable. If you're camping and fishing, you'll probably have

DOLLARS AND GOOD SENSE

by William J. Martin

This column is a regular feature prepared by the Family Financial Counseling Service of the Avco Delta Corp., P.O. Box 2820, London, Ontario. All questions submitted to the above address will be answered in print or by mail. Names will not be used in print. However, all questions should be accompanied by a complete name and address.

\$\$\$

Dear Mr. Martin

What do you do when you've been refused credit at several department stores? We have been refused credit at three different department stores where we've gone to buy some new furniture. It's very embarrassing and I'm becoming angrier and angrier about it. I thought we had always paid our bills on time and now it seems we haven't. My husband has always handled the monthly bills and the finances and I have just assumed everything was okay. What should we do now?

Mrs. B. T.

I hate to say this, Mrs. T., but unless the Credit Bureau made a mistake, it seems your husband has mis-handled the monthly bills and finances and that's why you're in trouble. Somewhere along the line he has either been extremely late in paying the monthly outstandings or he may owe so much that he doesn't have enough to go around. And I'm also surprised at your ignorance at what's going on. Surely, you must have suspected something. Or is it that you don't open the mail when it arrives.

At any rate, Mrs. T., it's beyond placing the blame. The thing we must do now is to salvage what credit standing you may have left in your community. And the only way you can do that is to get together with your husband and the both of you find out what the situation is. If there appears to be no problem (you're not behind with any of your bills, etc.), contact your local credit bureau. Tell them what happened and ask for an unofficial explanation of the situation which is affecting your credit rating. Mistakes do happen and the first thing you want to know is whether or not the blotch which obviously is on your rating really belongs there. If it is a mistake, the credit bureau will take necessary and immediate steps to correct it.

If, on the other hand, you're behind in your bills, the first thing you should do is put together a list of your debts. Try

to work out a plan by which you can pay them all at least something each month. Before you do this, however, I urge you contact your creditors and explain the financial condition you're in and what steps you want to take to correct it. Perhaps they can offer some additional advice.

Once you have contacted all your creditors and explained the problem, and your plan, start to put the plan in motion. This means that you're going to have to cut down on some of your expenses, maybe less entertainment or perhaps you are going to have to cut back in the grocery department.

high provincial equalized assessment per pupil ratio and the gradual erosion of the limiting factors, if the present rates of growth continue, there is already a 10% built-in increase in taxes to be raised until the base level of assistance is reached. This, of course, does not take into account any normal cost increases such as result from teacher salary negotiations and transportation contracts increases, etc.

OTHER REVENUE - is made up of tuition fees paid by organizations such as Brown-dale or by other school boards for students living outside Haliburton County but attending our schools, fees for adult education and also cafeteria revenue.

JUNE MEETING W.I.

The Women's Institute was held on June 17th at the home of the President Mrs. P. Clarke. Twenty members answered the roll call and revealed the name of their secret pal. A majority vote showed that the W.I. would carry on the idea of secret pals for another year and these names were given out.

Reports were given and collection of the day and for pennies for Friendship were given.

A committee was appointed to take charge of the Bake Sale of July 3 with baking to be at post office at 9:30. The committee are Mrs. W. Moore, Mrs. M. O'Neil, Mrs. Arnold Coulter, Mrs. Lyman Cox, and Mrs. Sears.

Tickets were given out to be sold on a beautiful knitted afghan donated by Mrs. Clarke and to be drawn at the September meeting.

Mrs. V. Cowan gave a report of the highlights of the District Annual meeting which was held at Bobcaygeon and also read the names of officers elected for the coming year; Mrs. H. Welch is District Convenor of Historical Research and current events.

The National Anthem and W.I. Grace closed the meeting and everyone enjoyed the delicious lunch and cup of tea served by the hostess.

Remember-
only YOU can
PREVENT
FOREST FIRES

ABOUT THE TOWN

With Jeanne Sears

Heard on the news that when Mr. Wilson was defeated in the British Election this was done by the housewives. Apparently they are concerned about the value of their money in regards to purchasing food; there, as in our country, the increase in food prices is amazing.

The United Church had a very enjoyable Sunday School picnic at Twelve Mile on Sunday with races for everyone and a delicious lunch.

We heard that there were several break-ins at homes in our village with not much stolen but everything upset.

The Jackpot at Rotary Bingo was won by Albert Crego, of Kinmount. Mr. Crego won himself \$250.00. He donated \$10.00 of this back to the Rotary Club. I'm sure the Rotarians will put it to good use.

There were several deaths in the village over the weekend with sincere sympathy going to the families and friends of the late W. Walker, Stuart Miller and to Mabel Deacon and family on the death of her father.

Hint of the week — Be sure and buy fruit and vegetables in season — they are cheaper and in our stores we find fresh produce arriving quite often.

Congratulations go to Mr. and Mrs. Roger Hogg (nee Rosemarie Dollo) who were married on Monday afternoon, June 22nd.

Patients at the local hospital early this week (Monday) included Mrs. Ramsley, Miss J. Whistle, Mrs. Lyons, Mrs. Jean Taylor, Mrs. Helena Kellett, Mrs. Millie Prentice, Mrs. Mabel Russell, and Mrs. Violet Blair. Mrs. Ida Noice is presently at Sunnybrook Hospital, Miss Winnie Minto may be home this weekend, and Mrs. Ruth Hounsell is still in Peterborough Hospital. Best wishes are sent to all these people for a speedy recovery.

As the local librarian, I was pleased to attend the seminar with the County Librarians, their assistants and the Teacher Librarians at the District High School last Wednesday afternoon. There was also a display of books from several publishers and these could be ordered that day.

Mr. and Mrs. T. H. Newell have had his sister, Miss Elizabeth Newell and Terry Wolffe of Halifax N.S. visiting them for the past month. These visitors have really enjoyed their stay in the Highlands.

Hats off to Dave Stamp for donating his bus for a trip to Parry Sound, for Bobby Orr's day. Dave is giving all the proceeds to the new Community Centre project.

School will be out this weekend and the crowd will arrive, remember this if you see someone without a smile give them one of yours.

Cheerio until next week.

A MAN CALLED HORSE
In Color

NOW HEAR THIS

by Lorna Rogers

Farley Mowat has alternately angered (Never Cry Wolf) and amused (The Dog Who Wouldn't Be) people with his writings, as well as with his somewhat outspoken, flamboyant personality. Born in Belleville, Ont. he spent his early years in Saskatchewan, and latterly lived in Newfoundland, the setting for The Boat Who Wouldn't Float, which has won him the 1970 Stephen Leacock Memorial Award for Humor. Mowat is the guest on Something To Say, June 28, in which he talks about his philosophy and reads selections from some of his books. He'll also be among the distinguished guests heard on Stephen Leacock—A Night of Humor, July 1, honoring the late beloved humorist, the 100th anniversary of whose birth was last December. Others on this special program from Orillia are Harry J. Boyle, a former Leacock award winner; H. Carl Goldenberg, prominent labor lawyer and former student of Leacock's; and actor writer Andrew Allan.

The next subject in the long-running Voice of the Pioneer series, heard Sundays, beginning June 28, is Scottish-born Thomas Usher who opened up Alberta's Big Valley country to cattle ranching in the early 1900's. A rancher for 65 years, he talks about the business end of ranching, cattle-rustling, and how he developed pure-bred cattle herds.

Some less savory aspects of Canada's past are re-created in a five-part dramatization on Theatre 10:30, the week of June 29. Forgotten Trials are based on Canadian criminal cases which took place in a widespread area from Nanaimo, B.C. to Dorchester, N.B. and span the years from 1913 to 1936.

Summertime listening should be a little easier on the ear, and since it's the time for fun and games, CBC radio has come up with a new quiz and conversation show titled Four For Forty, weekdays, starting June 29. Lorraine Thomson (who will be remembered as the charming co-host of Audio from 1963-67) returns to radio to host the series, and she and three guest personalities (actress Barbara Hamilton, satirist Max Ferguson and music critic

Don McGill for the first week) make up the Four For Forty. She asks the questions—and they come up with the answers, some amusing intelligent conversation, and lots of laughter. There's music, too—all Canadian—on record.

Dr. Paul Ehrlich, dean of biological sciences at California's Stanford University, keeps cropping up in the print and broadcast media. Mainly because he's concerned with two issues that are getting a lot of attention these days—popula-

tion growth and pollution. Dr. Ehrlich founded the organization Zero Population Growth, based on his belief that all world disaster—war, famine, pollution and plague—tie in with population growth. He expounds at length on his theories in the Soundings program of July 1 st.
